

## **ATTENTION:**

Parents,

Please note: when looking at the routes, if your child(ren) utilize the shuttle bus service we offer, you must view the LOWER school route for the AM and the UPPER school route for the PM.

- **\*ADDED ITEM:** The bus stop will be on the first roadway listed on the route and approximately 50-200 feet before or after the intersection when possible, for SAFETY!
- Reminder: Bus stop times for the afternoon are approximate, as many factors can cause them to change from day to day.
- During the first couple weeks of school, bus routes are likely to be adjusted to best accommodate all riders and work out all the kinks.
- ROUTES ARE SUBJECT TO CHANGE at any time, a 72 school hours' notice will be provided when possible.
- Buses will have "**PALM BEACH MARITIME ACADEMY**" on the side.
- Please do not leave young children unattended at the bus stop. The school is NOT responsible for students before they board the bus.
- Students are expected to obey the driver and School Bus Riding Rules at all times. Failure to do so will result in suspension and/or loss of school bus privileges.
- Students are expected to be at bus stop at least 5 minutes early.
- Students are to be ready to board bus when it arrives, not waiting in a car or nearby store. When the amber warning lights start flashing and bus is approaching, students should be getting ready to board, NOT after the bus has stopped.
- Drivers cannot wait at bus stops in the morning or afternoon for any other reason other than loading or unloading as they will be affecting traffic. Do NOT attempt to stop the bus once the doors have closed.
- Please plan to be at your child's stop early in the afternoon, to avoid students being at the stop unsupervised. The school is NOT responsible for students once they exit the bus.
- Students are only PBMA's responsibility on the bus, NOT at the bus stop.
